**AN EXCLUSIVE  
JEWELERS  
COLLECTION**  
@ C.G. ROAD, AHMEDABAD

**3<sup>rd</sup> eye  
THREE**

## ABOUT THREE

After the successful completion of 3<sup>rd</sup> eye ONE and TWO on C.G. Road, An eloquent modern shopping space designed exclusively for the jewellers will be termed 3<sup>rd</sup> eye THREE. It is a marvel of CALICA Group. The need for a work space exclusively designed for the jewellers was an overtake and with the vision for the industry's requirements, 3<sup>rd</sup> eye THREE is a boon. The concept of giving a separate work space is always a motto of the group and the new coming of age shopping complex is no different. 3<sup>rd</sup> eye THREE is strategically located on C.G. Road to give maximum coverage to the shop holders. An artistic design of the business space with the consideration of current demand of the market, 3<sup>rd</sup> eye THREE is sure to give an edge to your business.

## LOCATION

**3<sup>rd</sup> eye  
THREE**

In today's competitive world, a business needs a solid base of location to succeed. And 3<sup>rd</sup> eye THREE is indeed blessed to be located at the prime of Ahmedabad on C.G. Road. The ever growing need of a space in the working capital of Ahmedabad is increasing day by day and by owning an exclusive space of C.G. Road shall be a delight for the Jewellers. The location is well connected with best possible transportation modes and is situated with good locations and best commercial and institutional hubs. C.G. Road is favorite amongst the MBs for shopping and it caters a huge advantage of location for 3<sup>rd</sup> eye THREE to attract MBs clientele. The prime advantage of the location is two road corners, which enables the maximum visibility. Also, C.G. Road is considered to be the safest and best connected business destinations of Ahmedabad which put extra emphasis on clients to have their shops and offices in 3<sup>rd</sup> eye THREE.

3<sup>rd</sup> eye THREE is unique in many ways. It caters the specific needs of jewellers with the best presenting views of the shop with maximum coverage from all corners of the complex. The visitors shall be having all required amenities to feel comfortable at the complex. The audiences shall have many options to choose as variety of brands and products shall be at display at one particular place which shall indeed benefit all the stake holders.

The decor and the ambience of the 3<sup>rd</sup> eye THREE has kept all modern comforts in view and it shall be shade of the art space for the visitors who will feel captivated and amazed to feel the amusement. The common sitting arrangement in the form of incentive benches, clean and hygienic washrooms on ground floor and local elevators and staircases will be there to make the visitors absolutely comfortable.

Another very important factor of 3<sup>rd</sup> eye THREE is an ample space and facility for the visitor parking. A huge ground floor parking with different 2 wheeler and car parking spaces for visitors make the complex the most user friendly experience. Along with that the business hub shall also have three layered allotted parking for the shop holders for smooth conduct.

## ADVANTAGES

## SECURITY

**3<sup>rd</sup> eye  
THREE**

The prime concern for the jewelry industry is the security and at 3<sup>rd</sup> eye THREE, we fully understand the aspect and did everything to provide a fair security systems with all possible modern platforms like 24\*7 security guards, digital network of CCTV cameras, fire safety system and complete screening of visitors round the clock to boost the security of the complex.

### OUR TEAM

**MESSAGE FROM THE CHAIRMAN**

"It means a lot to contribute to the construction infrastructure of developing countries by introducing excellent Precast Concrete production skills that the Japanese firm have cultivated so far. People are thrilled and excited to see how the Japanese and the Indians will open up the doors of possibilities together in the new land. There are great expectations to see better infrastructures enriching the Indian society and its people. We promise that we will work passionately as the first Japanese Precast Concrete producer that opened its wings."

## \* PASSENGER ELEVATOR

A Passenger Elevator is designed to ferry people from point to point in a building. The modern passenger elevator is a simple means of transport within a building. Passenger elevators operate in relation to the available floor space. Generally passenger elevators are available in rapid capacities from 4 TO 24 PASSENGERS and speed varying between 0.5 M/sec. to 3.5 M/sec. Choice of passenger elevator, typically depends on type of building (Commercial, Residential, Hotel, High-Rising, etc.) and passenger such as passenger traffic movement. Budget involved is also a deciding factor between manual door and auto door passenger elevators.

## \* HOSPITAL ELEVATOR

Hospital Elevators are used for simple transportation of a patient on wheelchair to wheeled away a critical patient on stretcher without obstructing the life support system with doctors and nurses, smoothly, safely and swiftly without any risk. Elevators for medical purposes are vertical transport equipment used in hospital and other related places to move patient and surgical instruments.
